

HeartScore®

Patient consent form

Your health practitioner is about to save your personal medical data on the HeartScore® web application, developed by the European Society of Cardiology (2035 Route des Colles • Les Templiers • CS 80179 BIOT • 06903 SOPHIA ANTIPOLIS) which requires your information and consent.

HeartScore® is designed to help health professionals in optimising individuals cardiovascular risk reduction. It is the online, interactive version of the SCORE charts, from the Joint European Guidelines on Cardiovascular Disease (CVD) Prevention in Clinical Practice, published by the European Society of Cardiology.

The medical data stored in HeartScore® can only be used by your health practitioner, who will use it to inform you about cardiovascular risk. Neither the European Society of Cardiology, nor any other organization can access these data.

In accordance with the chapter 3 of the European Regulation 2016/679 with regards to data protection, you have the right to request access to and rectification or erasure of your personal data or restriction of processing concerning your data or to object to processing as well as the right to data portability. You can exercise this right by contacting your health practitioner.

By signing this form, you consent to the collection of personal data by your health practitioner and its processing by the European Society of Cardiology on dedicated servers hosted by a partner having all agreements with regards to health data protection and regulations.

You can request deletion of these data at any time, by addressing a request to your health practitioner.
